Chapter one:

It was dark. We went in a scary forest and I couldn't see my feet.

The moon was more brilliant than ever. Effy was running in front of me. I couldn't see her but I knew she was here because of the sound of the dead leaves under her steps.

Chris and Jal were walking behind me, hand in hand.

I don't know well Effy, I just know she is a good friend of Jal, Chris's girlfriend. And me, I'm Chris's best friend.

Effy called me laughing: "Freddie, come on!!!"

I answered: "But, for the love of god, where are we going?"

- "Hey guys, where are we?" Chris said.

- "What a scary place!!" said Jal.

Effy looked around. She wasn't laughing anymore.

- "I...I think we're lost".

- "What!! Oh no!!" I said.

- "Chris, it's cold! I want to go home" whimpered Jal.

- "It's all right, baby. We'll find the way." Said Chris.

So we walked in the forest for a long time which seemed to us like a few hours.
