

Chapter two:

After a long walk in the scary forest we were very tired. Jal was whimpering again. Effy and I were walking in front of the couple. There are many bats all around. Suddenly, I saw something. It was strange with little squares of light.

Effy shouted:

-“Look! There is a house, isn’t it?”

-“Come on!” said Chris “we have to ask for help.”

-“It’s scary Chris! I don’t want to go there!” said his girlfriend.

-“We need to find someone! Come on!”

So we walked to the house. It was old and ruined. Jal started shaking.

Effy hit the door:

-“Is there someone here??”

No answer, whereas the lights were on.
